Selling Your Practice

Experienced Guidance Increases Your Chances For True Success

22 Years Experience -- In Kentucky, Ohio, & West Virginia

George D. Stollings & Associates, Inc.

Services For Owners / Sellers

Practice Appraisals: Multiple methods capture all key aspects of a specific practice’s value.

Practice Brokerage: For practice owners needing to locate a buyer and complete their sales. Unique listing agreement provides greater benefits, more options, and commission savings. Proactive mail advertising program increases your chances for a successful practice sale.

Sale Consultation: Guidance / assistance / structuring sales between owners & associates or know potential buyers.

Buyer & Seller Intermediary Service: Services to assist and guide both buyer and seller in correctly structuring and completing a practice sale.

Free Preliminary Consultation

With no obligation to use our further services, learn:
• The “sellability” of your practice;
• The probable selling price range for your practice (the high – low price range in which there is a 75% probability of your sale occurring);
• The sale and transition structure option that is most feasible for your practice; and,
• The type of buyer you’ll need to locate, to match correctly with your transition structure.

A few years ago I was vacationing with my wife in Key West Florida. For those who have been there, Key West is an interesting place for a variety of reasons. If you are a history buff, Truman’s southern white house is very intriguing. The fellow giving the tour made a comment stating his two favorite modern presidents were Harry Truman and Gerald Ford. Someone asked why those two? He stated, they are the only two who did not want or seek the office and always did what was best for the country. Gerald Ford pardoned Richard Nixon, even though democratic speaker Tip O’Neil told him it would be political suicide. Truman had many tough decisions. Like Truman and Ford, I can tell you I had absolutely no aspirations to ever be president of this Society. About seven years ago Dr. Kenny Brandt called me and asked if I would be willing to serve on Council. My initial response was hell no! But, having been a member for 30 plus years and only served on the Peer Review Committee and taking a few CE courses, I thought it was time to give back. I would serve my three years and sail into the sunset. Well, after my three years I was asked if I wanted to serve another three. My response was “well only if you cannot find someone else”. Then after one year Vicki Nixon asked if I would like to move up the chairs. I think I said no three times. Miss, I can sell ice cubes to Eskimos, Vicki kept persuading me, and after much reluctance, I consented.

Having been on Council for seven years, I can say we have had some very good presidents until now (sorry to break the streak). Each has contributed in their own way. The one fellow I really admire and look up to is Dr. Mark Bronson. But, then again, everyone looks up to him. He is 6’7”. Many of my predecessors have had agendas; from creating a strategic plan to updating the website. However, everyone’s goal is to keep the Society viable and in the black. So what is my goal? I have absolutely no idea! Actually, I do have a thought for each and every member of our Society. Eliminate the word apathy from our existence. Apathy is indifference and not caring. Apathy will kill any group or organization from our country, our families, our office, and, yes our Society. I truly believe our Executive Director does not have an apathetic bone in her body. She truly cares about what is best for our Society and tries her best to care about each and every member. (Extremely difficult when there are so many members with many different personalities). She works tirelessly putting in long hours with many Committees. I am amazed at how she is versed at each and every faucet of this organization. She, like most woman, can multitask and actually keep things straight. One might say she works her butt off!

Now to the member. Be all that you can be in the dental society. If you are a member, thanks for belonging. If you take CE courses and attend the CDS Member Events, thank you even more. If you have the time and are willing to give your ideas to a Committee, we are deeply grateful. If you are at a stage in your life where you can serve on Council or even be president excellent! Believe me, if I can be president anyone can. Do what you can do at what stage you are in life. Can we all be a Joe Crowley or Mark Bronson? Probably not. They are very special people. So special I think, but not sure, they named some Olympics after them! To my age colleagues, don’t quit caring because you are on your way out. Be like Dr. Jack Gottschalk, who at 80 plus, brought great ideas at a recent brainstorming session. He still cares deeply about our profession. If you are a new or semi-new dentist to our Society, stay as active as you can. Your life is hectic with family activities and your practice, but you are our future and this is your Society and profession. Without your involvement we are a dying organization. Christians have a saying, “What would Jesus Christ do”? I have a new one for you - our own version for the Society - “What would Joe Crowley do?”. I am in no way comparing Jesus Christ to Joe Crowley. As a matter of fact some have called Joe a saint. But I think it is spelled “Satan Joe”. But, when it comes to dentistry, do what Joe would

Happy 2013! Indeed, 2012 went really fast. However, I am looking forward to another fantastic year as your Executive Director. On February 14th I will be with the Society thirteen years. It has been an honor working with so many wonderful people. I want to thank Dr. Patty Walter for her support and encouragement this past year. It was busy, but fun! And who said two strong headed blonds couldn’t get along! The members of your Council and Committees work very hard to keep your Society viable. Sometimes it is not easy, but I can personally tell you their hearts are in the right place. They put the Society first and work extremely well together. That is just one of the many reasons I love my job!

My new “boss” has a great sense of humor as you can see from his president’s message. Don’t let that fool you. He will work hard and continue to lead your Society in the right direction! I am looking forward to working with Dr. Kluener and seeing many new and familiar faces in 2013. We have so many awesome programs and events scheduled that you will not want to miss any of them. We also have a “self-defense” fundraiser scheduled for our Foundation this May. It will be held at the Great Wolf Lodge. Look for more details in the near future!

Now on to some Society business. First, I would like to remind you that your 2013 membership dues statements were mailed from the Ohio Dental Association and are due January 1, 2013. If you have not received your dues statement yet, please contact me at 513-984-3222. Second, we have great speakers lined-up for our continuing education program and you still have time to get the discounted rate of $1,100 for the full series. Don’t delay this rate expires as of January 15, 2013.

Third, we have fantastic CDS Member Events, one in January, February and March. If you attend all three you will earn 5.5 CE credits! Additional details are in this Bulletin and on our website. Fourth, we are always looking for volunteers for our Roselawn Dental Center and our Scarlet Oaks Program. Sign-up sheets are included in this Bulletin or you can email me and I will be happy to send them your way!

A triple THANKS to all of the volunteers who gave their time at the following Society programs: Lighthouse Youth Services, Give Kids A Smile, Roselawn Dental Center and Leave No Vet Behind. We are in the process of raising funds to help cover the lab fees for dentures and partials. If anyone is interested in “adopting” a Veteran to help with this endeavor, please let me know. We would ask you to donate your time and we cover the lab fees. We won’t be able to help all of the Veterans, therefore, we have two dentists who will be approving the request on a case-by-case basis. So give me a call if you are interested in helping - 513-984-3222.

I wish all of you, your family and staff a healthy and happy 2013!

Until the next Bulletin …
As a dentist, you know how important it is to put your clients at ease. The Cincinnati Insurance Companies know you have plenty to think about—caring for your clients, managing a successful practice and staying active in your community.

With a professional liability policy from The Cincinnati Insurance Companies, you can stay focused on your practice, counting on your policy to:

- apply on an “occurrence basis” instead of on a claims made basis
- require your consent prior to settling professional liability claims
- cover your corporation or partnership, employed and independent contractor hygienists and dental assistants at no additional charge. Separate limits of insurance give each individual insured superior protection
- offer optional prior-acts (tail) coverage to facilitate the move from claims-made to our occurrence form.

You can also feel confident knowing that your policy comes from a company that has superior financial strength according to A.M. Best Co., an independent provider of insurance ratings since 1899. Our A.M. Best Rating places our standard market companies among the top property casualty insurer groups.

For more information, please contact your local independent insurance agent representing The Cincinnati Insurance Companies. Visit www.cinfin.com, or call Mike Terrell at 800-769-0548, to locate an agency near you.
Call to Order: President, Dr. Patty Walter, called the meeting to order at 7:00 pm.

Roll Call:
Members Present: Brandt, Chopra, Dorr, Hanlon, Harris, Kluener, Murdock, Newby, Parker, Schaeffer, Stastny, Suffield, Walter and Wauligman
Members Absent: Giogowski, Heck and Pick
Guest Members Present: Paul Rudolph, Drs. Mark Bronson and Mary Ellen Wynn
Executive Director Present: Vicki Nixon

Council’s dinner was graciously provided by Dr. Mike Lee.

The June Council Meeting Minutes were unanimously approved as posted.

Guest Reports:
Director of Operations of CincySmiles:
Paul Rudolph reported renewed efforts to address access to care issues in Cincinnati, including the following: adding another 2 chair mobile dental unit; increasing participation in sealants programs; increasing specialist participation in the Dental OPTIONS program; coordination with the CDS to increase utilization of the Roselawn Dental Center.

ODA Executive Committee:
Dr. Mark Bronson reported that while the number of exhibitors planned for the 2012 Annual Session has decreased, the number of enrollees has increased. UHCAN members recently met with staff members of our state representatives to discuss the issues surrounding midlevel provider legislation. ODA staff later held a similar meeting to present member dentists’ views on this subject.

Ohio State Dental Board:
Dr. Mary Ellen Wynn reminded Council members to check the OSDB website to confirm licensure/other credentials before hiring new employees. It can also be used to read Board meeting minutes. Please make sure office sterilization monitoring records are up to date. Dr. Wynn’s term on the Board expires in 2012. She is seeking re-nomination.

The President’s Report:
Dr. Patty Walter discussed the need to update CDS harassment policies. The motion to add the new policy to the CDS Code of Conduct (Parker/Wauligman) was passed unanimously. The UC Blue Ash Hygiene Program received an anonymous $308K donation. They will use these funds to upgrade some of their equipment and incorporate digital x rays. Dr. Andy Harris has been appointed to a 2-year term on the department’s advisory board. Dr. Patty Walter will remain on the advisory board in 2012/2013.

Treasurer’s Report:
Dr. Matt Parker reported a projected $14-20K loss for 2012. The Finance Committee attributes much of this loss to a decrease in revenue from our CE Program. Based on the Finance Committee’s recommendation to Council, the following motion (Parker/Wauligman) was put forth: The following dues increases ($30 in 2013; automatic increase of $30 in 2014; automatic dues increase up to a maximum 3% COLA in 2015 and every year thereafter) shall be implemented. The motion was passed. A Motion (Parker/Harris) to accept the proposed 2013 budget was passed.

Executive Director’s Report:
Vicki Nixon announced the completion of the 2013 CE course schedule. Five speakers have been arranged and courses for hygienists and assistants have been included. A panel discussion regarding the effects of healthcare reform on dentistry has been scheduled, along with additional radiography courses. There will be four member events in 2013.

Nominating Committee Report:
Dr. Randy Stastny announced that the 2013 Nominating Committee Report has not been finalized. When completed, Council will be informed by email.

COS Committee Updates:
Access: Vicki Nixon
Screenings at the Northwest Local School Health Fair in August netted 20 patients eligible for treatment at the Roselawn Dental Center. A program for “Bootsy Girls” will take place on September 20th. During this program, 70 girls between the ages of 6 and 16 will be shown various ways to improve their health and their chance for a lifetime of success. Afterwards, their dental needs will be addressed either through CincySmiles (Medicaid eligible) or the Roselawn Dental Center. The LNVB screening event is scheduled for Saturday, September 22nd. A treatment event will take place at the Crest Smile Shoppe on November 10th. Additional treatment will be rendered by dentists/dental

Call to Order: President, Dr. Patty Walter, called the meeting to order at 7:00 pm.

Roll Call:
Members Present: Brandt, Chopra, Dorr, Glogowski, Hanlon, Kluener, Murdock, Newby, Parker, Schaeffer, Stasny, Suffield, Walter and Wauligman
Members Absent: Harris, Heck and Pick
Guest Members Present: Drs. Mark Bronson and Mary Ellen Wynn
Executive Director Present: Vicki Nixon

The September Council Meeting Minutes were unanimously approved as posted.

Guest Reports:
ODA Executive Committee:
Dr. Mark Bronson presented the following updates from the ADA: to ensure no deficit spending in the 2013 budget, a $10 dues increase was assessed. There will be no specialty designation for dental anesthesia. Changes are continuing in the ADA library. Dr. Ron Lemmo is the 2013 ADA Treasurer. The Seattle Accord has been restructured (2:1 Ohio) regarding ALL trustees. Dr. Mary Ellen Wynn has been elected to the ADA Council on Access, Prevention and Interprofessional Relations.

The following ODA updates were presented: The membership survey had a 22% response rate. Results will be presented pending further evaluation. Initial numbers for the 2012 Annual Session were very strong. The 2013 dues rate for Active Life members will be assessed at 75% of active member dues.

Ohio State Dental Board:
Dr. Mary Ellen Wynn’s term on the Board expires in 2012. She is seeking re-nomination.

The President’s Report:
Dr. Patty Walter discussed the following updates to the UC Blue Ash Dental Hygiene program: the class of 2015 will include non wait listed students; the number of hours of clinical observation required for admission has been increased to 24 and now must include specialists as well as general dentists.
An ODA officer will attend one of our 2013 CE courses and present updated information as a supplemental speaker.

There is an opening on the 2013 OSDB roster. Applications from general dentists are being sought. Dr. Mark Bronson will complete the remainder of Dr. Steve Kuennemeier’s term on CDS Finance Committee.

Treasurer’s Report:
Dr. Matt Parker reported a projected $15K loss for 2012. However, the required level of reserves will be maintained. To help offset costs, a modest fee may be assigned to attendants of future Society social events.

Executive Director’s Report:
Vicki Nixon announced the date of a “living wake” honoring Dr. Keith Lemmerman (November 11, 2012). Colleagues and friends are encouraged to attend.
The Nominating Committee Report will be voted upon at the November 12, 2012 Member Event.
The 2012 LNVB data were summarized as follows: 146 vets were screened. Of those, 14 need complete dentures; 22 did not qualify for treatment. All but 23 of those qualifying for care have been assigned a treatment provider(s). A second day of treatment at The Crest Smile Shoppe (December 1, 2012) has been added.

The Fall Feast, held annually at the Duke Energy Center, has added a dental screening component to their health fair. The Dental Society hopes to screen 250 children at this Thanksgiving Day event.

40 members of Q Kids (a Bootsy Collins dance troupe) received a dental screening. None were eligible for treatment at the Roselawn Dental Clinic.

There are currently 66 full series registrants for the 2013 CDS CE Program.
“Connecting to Community” a PSA produced by WCPO in cooperation with Huntington Bank, will be producing a segment highlighting Society efforts to address access to care issues in Cincinnati. Programs likely to be covered include LNVB, GKAS and the Roselawn Dental Center.

CDS Committee Updates:
Access: Vicki Nixon for Dr. Linda Smith
Ohio’s 11th annual GKAS kickoff, presented by the Northeast Ohio Dental Society, will be held at Lakeland Community College’s Dental Hygiene Clinic.

Continued on Page 10
do. We are constantly being barraged by outside entities trying to change the way we practice dentistry, and in my opinion, most of the time for the worse. Organized dentistry is absolutely necessary to combat these forces. To quote my beloved musketeers - “All for one and one for All!” We need each and every one of you just as you need this organization to keep dentistry what it has been - the best damn profession going!

I would like to say thank you Dr. Patty Walter. You did a great job this past year! I would like to thank my buddy Wayne Waulingman for consenting to follow and clean up the mess from Larry Kluener. I would also like to thank the hairy one, Mike Schaeffer for finally saying yes to becoming vice president. Mike said no so many times I thought he was my wife. And, I would like to pre-thank Vicki for this upcoming year. Your babysitting duties may be overwhelming!

Once again, thank you for your time. I look forward to serving as your 2013 president!

specialists in their private offices. A health event (including dental screenings) will occur in conjunction with the Fall Feast Thanksgiving celebrations this year. Another event for Lighthouse Youth Services will take place in February of 2013.

Membership: Dorr
The following members were accepted into membership: Drs. Ramya Paramasivan, Amanda Garrison, Mallory Mandel, Daniel Harning, Yoon Yi, Jordan Campbell. Bruce Svechota-Kingsbury, Lauren Fields, Robyn Mays and Patrick Thompson.

Program: Brandt/Nixon
Based on recommendations made by the Finance Committee, the Program Committee is considering the following: raising the 2013 fees; cancelling the early bird special; making lunch during the CE courses available for purchase instead of being automatically provided; developing a CE program with a goal of $60K in annual profits.

ODA Updates:
Dental Care Programs and Dental Care Practice: Chopra
The following House and Senate bills were discussed at the last DCPDP meeting: SB 301-increases the authority of the OSDB to suspend dental licenses due to prescribing issues in Ohio or another state. SB 294-has passed-dental offices maintain their small waste generator status; HB 259-has passed the House but will likely die in the Senate-authorizes alternative healthcare providers while exempting them from regulation under the health practice acts; HB 479-updates trust laws; HB497-non covered services bill-will likely be brought forward in the fall. Ohio will not likely set up its own Health Insurance Exchange. Another adult dental Medicaid battle is anticipated, due to an anticipated 400,000 increase in Medicaid enrollment. Updates in the enrollment statistics of the ODA’s Good DEED program were provided. Please visit the ODA website for more information and registration forms. The ODA is working with insurance companies to facilitate filing of claims by dentists providing emergency or hardship coverage for a colleague.

Unfinished Business/New Business:
Dr. Ashok Das is the newest member of the OSDB. Congratulations Dr. Das!!!!
Dr. Mike Schaeffer encourages enrollment in the ODA’s Capital Club.

Announcements were read and the meeting adjourned at 8:35 pm (Parker/WauIigman).

The Ohio Dental Loan Repayment Program currently has 4 openings. To qualify, dentists must be willing to practice for two years in an underserved area. For more information, please contact the ODA.

Using the CDS LNVB Program as its model, the Stark County Dental Society screened 40 vets. A $2500 grant from the ODA Foundation will help pay associated lab bills. The ODA Foundation has also awarded $4K to OSU and $9K to W.D. Miller Dental Society for their access programs.

ODA Updates: Nothing to Report

Unfinished Business/New Business: None

Announcements were read and the meeting adjourned at 8:00 pm (Schaeffer/Parker).
Cincinnati Dental Society's January Program
January 16, 2013
“TAX PLANNING AND BUSINESS EXIT STRATEGIES UNDER THE NEW TAX LAWS”
with Nicholas Paleveda, MBA, J.D., LL.M

February CDS Member Event
with
Kathleen Bennett, DDS, LLC

"Oral Evaluation - Choosing Appliances for Function and Fit"

Offered Exclusively to Dentists, Spouses and their Staff!

Supported by:  Cincinnati Insurance Co., Huntington Bank, Precision Handpiece Repair and Transworld Systems

Dr. Kathleen Bennett graduated with her DDS in 1983 from SUNY Buffalo Dental School and completed a general practice residency at Buffalo General Hospital. Before moving to Cincinnati she had a private practice in Williamsville, New York from 2001 to 2006. Dr. Bennett's dental sleep medicine practice is located in the University Medical Arts Building. She is a Diplomate of the American Board of Dental Sleep Medicine, lectured in Xi'an China and is part of the ADA Speaker Seminar Series on oral appliances.

Plan to join Dr. Bennett and learn about the many oral appliances that are available with a focus on airway evaluations to help guide the choices for the best function and fitting for the patient.

Cincinnati Dental Society Member Event

Monday, March 11, 2013

“Meth and Beyond” with Dr. Ken Jones

Supported by: Cincinnati Insurance Co., Hayes Handpiece Repair, Huntington Bank and Superior Dental Care

This is an exclusive event for Dentists, Spouses and their Staff!

About the Program
The program deals with the illicit drugs our patients take. We deal with the consequences for the practice, the patients, and for the society. We deal with meth, heroin, cocaine, bath salts, nitrous and many more. Too often, the dental professional is oblivious of the potential problems inherent in their practices. "It doesn't happy in MY office" is a too often heard refrain. It DOES happen - everyday.

Join your colleagues, bring a guest and your staff to hear this enlightening program given by Dr. Ken Jones, who had a private practice of general dentistry in Mansfield, Ohio. He has presented programs on substance abuse, risk management, dental ethics and death management issues. Dr. Jones is currently a dental expert witness and consultant for dental malpractice cases and for the ADA Council on Ethics, Bylaws and Judicial Affairs.

Schedule
6:00 - 6:45 pm Heavy Appetizers and Cash Bar
6:45 - 8:45 pm Program

CE Credits 2 Hours

Location
Trio Restaurant in Kenwood, 7565 Kenwood Road, Cincinnati, OH 45246 – (513) 984-1905

Cost
Complimentary for Cincinnati Dental Society Members
CDS Member Guests - $30 each

Parking
Located behind restaurant

Dr. Mark Bronson, installing officer, Cincinnati Dental Society members, and guests celebrated the installation of the 2013 Society officers. Members who have given their time to their dental profession were recognized and honored as well. Dr. Patty Walter thanked everyone for their support and dedication this past year. She expressed how much fun she had and wished the new officers her best.

The recipient of the Cincinnati Dental Society’s Meritorious Service Award is Dr. R. Thomas Scheer. He was joined by his wife, Virginia, son, Karl, daughter-n-law, Kaki and their six grandchildren; Anders, Maddie, Nat, Rowdy, Quinlin and Tommy. It was a proud moment that will last forever!

2013 Cincinnati Dental Society Officers

- Dr. Lawrence R. Kluener, president
- Dr. Wayne R. Wauligman, president-elect
- Dr. Michael T. Schaeffer, vice president
- Dr. Matthew M. Parker, treasurer
- Dr. Mary Ann Hanlon, secretary
Honored in Attendance
Twenty-Five Year Members - Graduated 1987
Veronica C. Glogowski, DDS - Case Western Reserve University
Nicholas E. Smith, DDS - The Ohio State University
Philip L. Younts, DDS - The Ohio State University

Fifty-Year Members - Graduated 1962
Fred J. Bronson, DDS - Howard University
Donald H. Malnofski, DDS - The Ohio State University

Life Members in 2012
Jerrold M. Kirzner, DDS

Past President’s In Attendance
(Drs.) John Bennet, Ken Brandt, Fred Bronson, Mark Bronson,
Roger Clark, Joe Crowley, Jack Gottschalk, Bert Jacob, David Krill,
Mark Logeman, Tom Perrino, Tom Scheer and Linda Smith.

Past Recipients of CDS Meritorious Service Award in Attendance
1984 Jack Gottschalk, 2002 Mark Logeman, 2005 Tom Perrino,
2006 Mike Schaeffer, 2007 Joe Crowley, 2008 Mark Bronson,
2009 Linda Smith, 2010 John Bennet

Note: Dr. Matthew Parker will be installed as Treasurer on February 11, 2013 at the CDS Member Event
The Scarlet Oaks Career Campus started an evening adult dental assistant program in September of 2011. The program has given adults the opportunity to begin a career in the dental field or change their career path while maintaining a source of income. The majority of these adults work during the day and are unable to complete the externship segment of the curriculum. As with any training hands-on experience is vital to the overall success of any profession, especially in the dental field. The Cincinnati Dental Society has offered to assist Scarlet with the missing part of the program, EXTERNSHIP.

Utilizing their four chair dental lab on campus free basic dental care is being provided to the adult students in other evening programs. As with any free dental care program utilizing volunteers, the patients must qualify based on the following: they have no dental coverage, including Medicaid, does not have a dentist and falls at the 200% federal poverty level.

This is a win-win for everyone; the students complete their externship requirement, qualified students receive free basic dental care, volunteers get the opportunity to give back while teaching and Scarlet has the opportunity to "showcase" their program and dental lab.

The Cincinnati Dental Society will continue to assist Scarlet for the school year 2012/2013. If you are interested in volunteering for this worthwhile program, please complete the form below. **Volunteers are needed February through April of 2013.**

The Cincinnati Dental Society’s Oral Health Foundation...
serving the underserved in the Greater Cincinnati area

Volunteer Sign-Up Sheet for the Roselawn Dental Center
Only 3 to 4 Hours of Your Time is all we Need!

That's right only 1/2 day once or twice a year...you decide what fits best in your schedule. The children you will see have no access to dental care and their families are very, very appreciative of the services provided by the Roselawn Dental Center's volunteer dentists, hygienists and dental assistants.

Help is here for your difficult patients.

Dr. Sayre has over 30 years of experience with IV Sedation and difficult patients. Your fearful patients can be treated safely and comfortably with IV Sedation. We see patients who have anxiety, are gaggers, do not respond well to local anesthesia, physically and mentally challenged patients, and patients who have had a traumatic experience involving dental care.

With IV Sedation, we can perform simple restorative dentistry as well as more extensive reconstruction, periodontal care and extractions in as little as one visit. IV Sedation is very safe and your patients will have no memory of the procedure.

We welcome your professional referrals. Our goal is to work in tandem with your preventative care to create healthier smiles for your difficult patients.

Call Dr. Scott Sayre today. We will be glad to discuss your patient’s needs and how we can help you get them on the road to a beautiful, healthy smile, pain and anxiety free.
2013 Calendar of Events

JANUARY
Meetings
January 7: Finance Committee Meeting begins at 6:30 p.m. at the CDS Executive Office.
January 28: Program Committee Meeting begins at 6:30 p.m. at the CDS Executive Office.

CDS Member Event

FEBRUARY
Meeting
February 4: Council Meeting begins at 7:00 p.m. Members who wish to attend should contact Vicki Nixon at 984-3222 or submit your topic/issue via email: vicki@cincinnatidental.org.

February 18: Membership Committee Meeting begins at 6:30 p.m. at the CDS Executive Office.
February 25: Honors Committee Meeting begins at 6:30 p.m. at the CDS Executive Office.

CDS Member Event
February 11: “Oral Evaluation-Choosing Appliances for Function and Fit” with Kathleen Bennett, DDS, LLC at the Stone Creek Dining Company. What a better way to spend an evening - great program, great food while earning 2 CE credits. Additional information is included in this Bulletin and on our website, www.cincinnatidental.org.

Continuing Education
February 13: “Medical Evaluation of the Dental Patient” by Dr. Daniel Becker
Location: Sharonville Convention Center, 11355 Chester Road, 513-771-7744
Schedule: 8:00 a.m. Registration ** 8:30 a.m. Program
Supported by: Cincinnati Insurance Co., Huntington Bank and Superior Dental Care
Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.
CE Credits: 7 CE Credits

About the Program: This program will highlight pathophysiological principles that provide a foundation for appropriate preoperative assessment. Particular attention is given to the most commonly prescribed medications, which not only reflect the nature and severity of specific diseases, but also present potential interactions with medications used in dental practice.

Topics Include:
• Basic principles of preoperative assessment and medical consultation.
• Essential pathophysiologic features of common disease states.
• Considerations for geriatric patients.
• Considerations for patients who are pregnant or breastfeeding.
• Drug classes and/or preparations having potential for drug interactions.

Objectives: At the conclusion of the seminar, the participant should be able to:
1. Describe basic principles of preoperative assessment, including protocols for medical consultation.
2. Explain basic pathophysiologic features of common disease states.
3. Explain the rationale for medically prescribed drug classes and identify potential impacts they may have on patient management, including potential drug interactions.
4. Identify age-related changes and special considerations regarding geriatric patients.

Continued on next page
5. Describe essential considerations for patients who are pregnant or breastfeeding.

About the Speaker: Dr. Becker received a BS in Zoology at Ohio University in 1968 and his DDS from The Ohio State University in 1972. He is currently an Associate Director of Education for the General Practice Dental Residency at Miami Valley Hospital in Dayton, Ohio. In addition to his academic responsibilities, Dr. Becker provides IV sedation services for dental practices throughout the Dayton-Cincinnati area.

Dr. Becker has published numerous articles in scientific journals, authored chapters in several textbooks and is Co-editor of Management of Pain & Anxiety in the Dental Office. W.B. Saunders/Elsevier Science Pub, St. Louis, 2002. He lectures extensively for organizations, colleges and universities on topics related to pharmacology, sedation and anesthesia, medical assessment and medical emergencies. Dr. Becker is noted for his pragmatism and his ability to convert otherwise “dry” material into formats that are both entertaining and informative.

MARCH
Meetings
March 4: Cincinnati Dental Society's Oral Health Foundation Meeting begins at 6:30 p.m. at the CDS Executive Office.

March 18: Public & Professional Community Relations Committee meeting begins at 6:30 p.m. at the CDS Executive Office.

CDS Member Event
March 11: “Meth and Beyond” with Dr. Ken Jones at Trio Restaurant in Kenwood - a 2 CE event, which is for dentists, spouses, staff and guests! Additional information is included in this Bulletin and on our website, www.cincinnatidental.org.

Continuing Education
March 15: “Antibiotics in Dentistry” and “Periodontitis & Peri-Implantitis: The Good, The Bad and The Ugly” by Dr. Robert Fazio
Location: Sharonville Convention Center, 11355 Chester Road, 513-771-7744
Schedule:
8:00 a.m. Registration ** 8:30 a.m. Program
Supported by: Cincinnati Insurance Co., Dental Care Plus Group, Henry Schein Dental and Huntington Bank
Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.
CE Credits: 7 CE Credits

About the Program
This course is for the clinician. It will discuss the changing antibiotic options in dentistry for acute infections and prophylaxis for old and new antibiotic categories and formulations. The current American Heart Association at-risk patients and the inconsistencies for the Orthopedic Surgeons’ 2009 Information statement will be discussed. What is recommended for patients already on, or recently on an antibiotic? New data and designs dictate a new approach to cardiac and vascular stents. What is the bottom line on prophylaxis for vascular repairs, the four approaches to renal dialysis, IVC Filters, Hickman catheters, portacaths and the VA vs. VP hydrocephalus shunts. What Medical conditions affect Antibiotic selection.

Educational Objectives:
1. Develop Algorithms for selecting antibiotics for localized and spreading infection and for antibiotic prophylaxis
2. Understand the subtleties of the AHA “Guidelines” and AAOS “Information Statement”.
3. Understand the new approach to Antibiotic Prophylaxis for Stents, the four approaches to Dialysis and a myriad of Medical Devices
4. How does Anticoagulation therapy, Pregnancy, The Nursing Mother, immunosuppressive therapy and Diabetes Mellitus affect antibiotic selection

“Periodontitis & Peri-Implantitis: The Good, The Bad and The Ugly”
What must we know chairside every day to successfully treat periodontitis in both the compliant and non-compliant patient? Do the same principles apply to peri-implantitis? How do we treatment plan a choice between periodontally compromised teeth, crown and bridge replacements or implants? Understand the “evidence based data” in the dental literature compared to the “promotional dentistry” of the manufacturers. Does the soft tissue program in the dental office influence this decision? Which cases are the winners and losers? What medical issues increase risk for dental failure?

Learning Objectives:
1. Learn the clinical “pearls” that maximize success
2. Recognize and avoid “the high risk failure” cases
3. Save many more teeth and implants than you thought you could
4. Improve dental treatment planning with evidence based data

About the Speaker

Dr. Fazio is Associate Clinical Professor of Surgery at Yale University School of Medicine. He is Section Head for Oral Medicine at Yale New Haven Hospital, New Haven Connecticut. His current books include, “The Ultimate Cheat Sheets – The Practical Guide for Dentists”, named by Christianson’s CRA Newsletter: Best Educational Product of 2008 and 2009, and “Oral Medicine Secrets”. He has served on the Editorial Board for the Journals: Inside Dentistry and Compendium of Continuing Education in Dentistry.

In 2009, 2010 and 2011, DENTISTRY TODAY named Dr. Fazio one of the Top 100 Clinicians in Continuing Education in Dentistry. The authoritative, independent Continuing Education Review named Dr. Fazio nationally as one of the three “BEST SPEAKERS”, calling him “exceptional” and stating, “Dr. Fazio brings expertise and passion to his lecture…He is a natural gifted speaker who looks at ease, has command of the room, holds the audience’s attention, and gives his all to inform the audience…”

Dr. Fazio has presented Continuing Education Courses throughout the United States, Canada, Europe, and Asia. He maintains a private practice limited to Oral Medicine, Implants and Periodontology in Norwalk, Connecticut.

This was the first year the Cincinnati Dental Society participated in the annual “Fall Feast” at Duke Energy Convention Center on Thanksgiving Day, specifically in the Health Expo. Volunteers conducted free dental screenings and distributed lists of dental clinics to those that did not already have a dental home. Many children seen will receive their dental care free at our Roselawn Dental Center.

Benco Dental and Henry Schein Dental were kind enough to donate disposable mirrors, floss and gloves.

Fall Feast is the Tri-State’s largest community’s Thanksgiving Meal. Approximately 900 volunteers served close to 8,000 sit down thanksgiving meals. Plus 200 free haircuts were given, nearly 1,500 coats were handed-out and 135 flu shots were administered that day.

Thanks to everyone that helped our first year to be a success!

(Drs.) Manny Chopra, Randall Egbert, Veronica Glogowski, and Patty Walter as well as Kenna McWilliams, Jackie White, Judy Arnett and Vicki Nixon

______ (Y/N) I will have malpractice insurance in effect for the period stated above and it will cover me while volunteering at another dental practice.

________________________________ Signature ____________________________ Date
Purpose
To allow a group of general dentists to assist each other in case of unexpected disability, family emergency or death with organizational assistance from a committee formed for that purpose by the Cincinnati Dental Society (CDS). This helps keep patients in the stricken dentists’ office until such time as the dentist returns or the practice is sold. A stricken dentist must be registered as a volunteer with the DaD program prior to becoming a recipient of aid under the program.

Disability is defined as any medically substantiated long-term illness or injury in which a stricken member is expected to be unable to perform any function of his or her dental practice for a minimum of 21 days. This program is designed for use ONLY in the STRICTEST FORM OF EMERGENCY (i.e. heart attack, stroke, broken arm etc.) and is not intended to be used for planned, elective absences from the office. Routine pregnancy leave does not qualify for office coverage during the anticipated maternity leave. However, complications concerning pregnancy either before or after delivery may qualify as a disability.

Benefit
In times of true emergency DaD members will avail themselves to provide services to the patients of the stricken dentist for an initial period 30 days with an option to continue another 30 days up to a maximum of 90 days (or less if the stricken dentist can return). In the event that the stricken doctor is unable to return in that time frame, locum tenens can be arranged, or the practice can be disposed of. Volunteers will provide hygiene supervision, preventive care, emergency treatment or referral to appropriate specialists, and routine restorative care (that can be completed in a single visit). New patients can be scheduled with the understanding that they will be re-examined at no charge when the stricken dentist returns to the practice. Volunteers will provide services for three and one half days per week during normal working hours. The process of receiving aid is initiated by notifying the executive director of the Cincinnati Dental Society of the need. The DaD committee will then review and approve the application for assistance. The DaD committee may deny applications for aid for cause including, but not limited to, failing to comply with the stated purpose of the DaD program. There will be a two week waiting period after the application has been received and approved to allow for notification of all participating volunteer dentists.

Responsibility of Volunteer Participants
All dentists must hold an active unrestricted dental license issued by the Ohio State Dental Board to become a recipient of aid or act as a volunteer participant in the DaD program. All volunteers agree to schedule time in the stricken doctor’s office at the rate of one half day per 30 day period for a 3 month period. Volunteers understand and agree that their own practice schedule may need re-arranging to accomplish this and are willing to do so. Volunteers will not be asked to provide services you do not normally perform in your own office. No prosthetic procedures will be started. The volunteer dentist will complete and sign the patient’s progress note. Failing to schedule a half day to work when asked to do so by the stricken dentists receptionist will result in removal from the DaD coverage list until re-instated by the committee. Volunteer dentists must carry malpractice insurance and is responsible for the dental care provided while working in a stricken dentist’s office. Only the patients of the stricken dentist may be seen in the stricken dentist’s office as part of this program.

Responsibility of Stricken Dentist’s Staff
The office personnel will call the CDS executive director for DaD protocol, application for DaD aid and list of participants. The office personnel will contact the volunteers and coordinate the scheduling. All business functions will be provided. Chair side assistance for the volunteer will be provided. A list of specialists for referral must be provided, in addition to a list of laboratories. All patients must be notified in advance of the identity of the substitute dentist. Inform volunteer what procedures are scheduled for them (to avoid having to reschedule because the volunteer doesn't do that procedure, i.e. endodontia or extraction). If prosthetic or other laboratory dependant procedures cannot await the return of the recipient dentist, consultation with the volunteer dentist must occur to determine the willingness of the volunteer to complete the treatment. Keep accurate records (form provided) of which doctors worked and pertinent comments and return them to CDS office. Any fees collected for dental services provided under this program shall remain with the stricken dentist’s office. This is a volunteer program.

Responsibility of Recipient Dentist
Execute an application for DaD aid. Provide all equipment, supplies and auxiliary personnel for volunteer dentists. Sign an “Agreement and Release” prior to the assignment of a volunteer dentist. Provide positive pressure oxygen (N2O machine is insufficient). Hold an unrestricted dental license issued by the Ohio State Dental Board (in order to receive aid).

Removal from Program and Re-instatement
Participating dentists who do not comply with the terms of the program or not a member of the Cincinnati Dental Society will be terminated from the program by the DaD committee. Any dentist unwilling to schedule a session when called upon by the stricken dentist’s receptionist will be reported to the committee chair for removal from the list of aid eligible recipients. Reinstatement can occur if the doctor “catches up” with his fellow panel members by working assigned half days. To make this program work volunteers and their staffs will likely be inconvenienced.
Thank You

48th Annual Past President’s Dinner

Otto’s Mainstrasse in Covington, Kentucky was the venue for this year’s Past President’s Dinner. Otto’s was decorated for the holidays which added a nice touch to the event. The dinner was excellent, especially the apricot bread pudding. Once again, the most senior of the group, Dr. Fred Lee age 95, made everyone laugh. The next senior in line was Dr. Jack Gottschalk, who is still very active in organized dentistry. Dr. Bob Buchholz traveled from Nicholasville, Kentucky, yes the furthest away of those in attendance. Everyone seemed to enjoy the location and company! For those unable to attend you were missed!

In attendance in order of presidency year:
(Drs.) Fred Lee (60-61), Jack Gottschalk (70-71), James Bishop (84), Bob Buchholz (85), Tim Pohlman (88), Tom Scheer (91), Ralph Wyand (92), Mark Logeman (95), David Krill (98), Richard Jackson (00), Linda Smith (04), Bert Jacob (05), Mark Bronson (07), Mary Ellen Wynn (08), Ken Brandt (10), Randy Stastny (11) and current president Patty Walter.
MEMBERSHIP NEWS
JANUARY 2013

Welcome New Members!
We are pleased to introduce the following new members who have recently joined our Society. If a new member is located near you, put your best foot forward, give them a call and extend your welcome to them. Even better, invite them to our next CDS Member Event and introduce them to your colleagues!

Regular Members
Lauren Capozza, DMD
Practice: 3333 Burnet Avenue, Cincinnati, Ohio 45229, 513-636-3641
Graduated: 2012 from the University of Florida
Currently in first year of Pediatric Residency program at Children’s Hospital in Cincinnati, Ohio. Seeking employment for summer of 2014 after residency.

Brian M. Meister, DDS
General Dentist
Practice: 5380 Pleasant Ave., Suite 3B, Fairfield, OH 45014, 513-829-1100
Graduated: 2006 from the New York University
Transferred from Keely Dental Society

Nicholas M. Taylor, DMD
General Dentist
Practice: 559 Old SR 74, Cincinnati, OH 45244, 513-753-2821
Graduated: 2011 from University of Louisville

Patrick Thompson, DMD
General Dentist
Practice: 35 E. Kemper Road, Springdale, OH 45246, 513-642-0002
Graduated: 2012 from the University of Nevada, Las Vegas

Condolences
Associate member, Dr. Robert C. Elstun, passed away on December 4, 2012 at the age of 83. He was a Captain in the U.S. Air Force during the Korean Conflict and a resident of Colerain Township. In lieu of flowers, memorials may be made to the Cincinnati Arts Association, 650 Walnut Street, Cincinnati, Ohio, 45202. Our sympathy is with his family and staff.

UC Blue Ash Dental Hygiene Program
The UCBA Dental Hygiene Program will be moving to selective admission in approximately 2015. Requirements for admission will include an increase in observation hours from eight (8) to twenty four (24). Entering students will now be required to observe in three different practices: general/family, pediatric, and periodontics. It is our intention to provide incoming students with a well rounded experience in the profession of dental hygiene, so we hope you will be able to welcome the students. We do not provide a list of practices for the students to call, but we typically suggest they start with the dental practice they currently work in or are a patient of record. Students are now being informed of their acceptance into the fall 2013 semester and will need to have this requirement completed by August 2013. If you have any concerns, please do not hesitate to call Mary Kaye Scaramucci, RDH, MS, Department Chair at 745-5683. Thank you for your commitment to our students and our program.

On March 9, 2013 the UC Blue Ash Dental Hygiene Program is presenting a course on nitrous oxide with Dr. Jerome McMahon. To register please call (513) 745-5635.

CLASSIFIED ADS - JANUARY 2013

DENTAL DONATIONS NEEDED
Dr. Sohi, Pediatric dentist in Cincinnati, is opening a charitable dental clinic in poor rural area of India in December 2013. The dental clinic will provide free dental care for the poor. If your office has any instruments/x-ray film/amalgam/composite or any other supplies that are of no use to you anymore we would love to put them to use. Your donations would be of immense use to the needy and poor. Please contact Melissa Rodgers at 513-800-9059. Any and all donations would be a great gift. Thank you!

Dental Office for Rent
Our full contour zirconia crowns are stained in the “green state” using our own custom formulas to accomplish a more esthetic full zirconia restoration.

- our brux “C” crown has a full infiltration of color - which eliminates bright spots during adjusting
- in-house mill for better quality control and consistency
