Deadline for submitting articles for publication is the first of the month preceding the month of publication. Cincinnati Dental Society does not assume responsibility for the point of view or opinions of its contributors. © Copyright 2020 by the Cincinnati Dental Society.
100% of SDC’s dentist and member services team has prior experience in the dental industry, so we understand your needs and know how to help. Direct dental office experience and knowledge...that’s what makes the difference between good service and SUPERIOR service!
Recently, a young dentist questioned whether he should renew his membership in organized dentistry. He stated that he was frustrated with the dental hygienist shortage, diminishing reimbursements of insurance companies, and insurance companies determining the standard of care based purely on economics. I agree with his frustration. He did not feel that organized dentistry was doing enough to address these issues.

First, I am thankful and glad that this dentist expressed his views. If he had just not renewed his membership, we would not have had the opportunity to speak with him. He would have been lost forever. Also, it is only through dialogue that we keep organized dentistry on the proper path, and we, dentists, understand why our leaders pursue the actions that they do.

Many columns have been written at the local, state, and national levels proclaiming in great detail all the benefits of organized dentistry. I will not rehash everything that organized dentistry does. This column is too short for that. I will list just a few items such as free insurance contract analysis, free complete regulatory compliance guide, a platform to support in-office membership plans, an independent means of appeal with a major dental insurance provider, free continuing education opportunities, and a new group purchasing organization. The monetary value of just these few benefits will greatly outweigh the cost of your dues.

As depressing as things may seem with respect to dental rules, regulations, and insurance companies, I can assure you that they would only be worse without organized dentistry. Please don’t think this does not affect you. As someone who attends the board meetings, not as a representative of the ODA, some of you are breaking these rules and don’t even know it. Thank the ODA for arguing on your behalf.

Legislatively, organized dentistry has won many, but not all, battles. Again, I will mention just a few. Several years ago, tort reform reduced the statute of repose, thereby decreasing the number of years dentists had to retain patient records, and has also helped to keep dentists’ malpractice premiums low. There still are no mid-level providers in Ohio. Through the ODA’s diligence, Ohio is seriously considering passage of legislation that would prohibit insurance companies from setting fees for non-covered services. In the mid 1990’s, the EPA tried to mandate and dictate the rules concerning amalgam separators for our fellow dentists in the northern part of the state. After years of educating and working with regulatory agencies, the ODA and ADA were able to formulate the rules that we currently have. These rules are much more palatable and the price of amalgam separators has been greatly reduced and the technology is better. All this is a direct result of organized dentistry. For every terrorist attack the U.S. suffers, the Department of Homeland Security has stopped thousands that we don’t hear about. Similarly, we hear about the few battles that organized dentistry loses, but we never hear about or realize all the hazardous, precarious, difficult, and burdensome, rules and regulations they have defeated.

Finally, if I still haven’t convinced you, I will employ

WHO EXAMINES YOUR INSURANCE COVERAGE?

Your patients trust you to make recommendations to keep them healthy. You can have that same confidence knowing that your local independent insurance agent representing The Cincinnati Insurance Company will suggest the right combination of coverages to protect the practice you’ve worked hard to build.

Find an independent agent representing The Cincinnati Insurance Company by visiting cinfin.com or by calling Mike Terrell, 800-769-0548.
The first quarter of 2020 is already behind us and we are gearing up for another busy three months. It is so important that you share this Bulletin with your dental team. It includes information on courses they will need to take in 2020. As I have said before, and as you know, your dental team is an essential part of your practice, so the more they know about what is going on with our Society the more they can help keep you apprised of future events and programs. So, don’t be shy – share this Bulletin!

We had our first “CDS Social” at MadTree Brewing and it was so much fun. I got to see some familiar faces, but new ones as well. We plan to host these socials throughout the year, with the next one sometime in the Summer. It would be great to see many more faces at our next social.

Dr. Chopra shared a letter with our Council he found from a dentist that practiced in Canfield, Ohio in 1934. I would like to take you back to the past and share this letter with you as well. I think you will find it interesting!

I am brief this Bulletin and encourage you to take the time to see what we have in store for our members during the next three months!

Until next time...
Call to Order: President, Dr. Christopher Heck, called the meeting to order at 7:00 pm.

Roll Call:
Members Present: Bennet, Brandt, Chopra, Dorr, Hanlon, Heck, Hudepohl, Kelley, Khetarpal, Murphy, Newby, Parker, Perrino, Schaeffer, Wayne Wauligman and Yauss.
Members Absent: Bartish, Osterday, and Poole.
Executive Director Present: Vicki Nixon

The November Council Meeting Minutes were approved as posted.

President’s Report: Dr. Christopher Heck
There are two positions on the CDS Nominating Committee. Drs. Andy Dorr and Monica Newby were unanimously approved to serve a one-year term in 2020. The Council responsibilities, as written in the Bylaws, were reviewed as well as the “Code of Conduct” and “Disclosure” forms, which Council has been asked to sign. As a reminder, the annual dinner has a new name, CDS’s New Year Celebration and Awards Night.

Treasurer’s Report: Dr. Ruchika Khetarpal
Preliminary 2019 year-end financial statements were reviewed. The preliminary 2020 budget (previously approved by the Finance Committee) was submitted to Council. It was unanimously approved (Murphy/Wauligman).

Executive Director’s Report: Vicki Nixon
The highly anticipated updated version of the Membership Directory should arrive next week. Watch for your electronic and/or printed versions. 2019 marked the 9th year the Cincinnati Dental Society has participated in the Fall Feast. This year, 140 patients were screened (119 adults and 21 children). Included in this were 6 veterans who were given referrals to our “Leave No Vet Behind” program.

CDS Committee updates:
Oral Health Foundation: Dr. Ken Brandt
The next edition of our Foundation Newsletter will be dedicated to the memory of Dr. Jack Gottschalk. Look for it in early 2020. The LNVB volunteer event at the Warbird Museum was well attended and greatly enjoyed by all. Thank you again to all our volunteers

Membership: Dr. Andrew Dorr
Please join the Society in welcoming one new member: Dr. Michelle K. Ayres.

Program Committee: Dr. Ken Brandt
The next meeting of the Program Committee is scheduled for January 27, 2020.

ODA Updates:
Access to Dental Care: Vicki Nixon, nothing to report.

Annual Session: Dr. Dennis Murphy, nothing to report.

Dental Care Programs and Dental Practice: Drs. Manny Chopra and Ruchika Khetarpal, nothing to report.

Executive Committee/Finance: Dr. Manny Chopra, nothing to report.

Continued on Page 7
an argument that my dear mother used to use on me. I had the greatest mom in the world. I still think about her every day. However, whenever she could not convince me to do something, her final tool was the “guilt card.”

I remember many years ago when I was new to the Ohio House of Delegates. Even then, when our market share was well over 70%, members were discussing how to attract and retain members. There was an oral surgeon from northern Ohio, who is retired now but still around, stood up and said, that as far as he was concerned, any practicing dentist who is not a member of organized dentistry is “scab.” He is reaping all the benefits and hard work of organized dentistry, but not sharing in any of the burden.

The people who need organized dentistry the most are dentists at the beginning or middle of their careers. Those of us at the tail end of our careers can weather any storm that legislators or insurance companies throw at us. We don’t have families to support anymore or children to put through college. And if things get really bad, we’ll just retire. We are the ones who don’t need organized dentistry but we have a duty to support it as did all the dentists who came before us.

I know dues may seem like a lot of money. However, if your practice grosses $150,000, $1500 is only one percent. If your gross is more than $150,000, your dues cost less than one percent of your gross. If you have a young family you probably spend more than this on McDonald’s or your morning coffee in a year.

So when someone says, how can I afford to belong to organized dentistry, my question to them is, how can you not afford to belong to organized dentistry?
Cincinnati Dental Society Member Event

Monday, April 6, 2020

CDS Member Event - Monday, May 11, 2020
Featuring an Economic Update from
Mark R. Holloway
Sr. Vice President & Chief Investment Officer

Mr. Holloway is confident in the approach he employs for financial strategy and planning, and is proud of the services Stock Yards Bank Wealth Management & Trust provides its clients. He earned his MBA from Bellarmine University and his Bachelor’s degree in Accounting from the University of Kentucky. He is responsible for equity and fixed income selection, quantitative analysis and overall portfolio strategy. He has over 40 years of industry experience and holds the Chartered Financial Analyst® designation.

He is a member of the CFA Institute, the CFA Society of Louisville, and the Southern Indiana Planning Council. He is on the Board of Directors at the Hindman Settlement School, a position he’s held for over 20 years, and is also a past president and board member of the Louisville Society of Financial Analysts.

Schedule:  
6:15 to 6:50 pm, Social and Appetizers  
6:50 to 8:00 pm, Economic Update

Location:  
Maggiano’s Little Italy-Kenwood, 7875 Montgomery Road

Fee:  
Complimentary for CDS Members * * Guests, including CDS Member Staff - $35 per person

Sponsored in Part by:

“Having been a Stock Yards customer for several years now, I have received annual invitations to attend the local presentations they put on featuring Mark Holloway. Each one of them has been extremely informative, even to someone like me who doesn’t consider themselves anything close to a financial guru. It is a very thorough and concise report of Mark’s views of what is going on in the economic world”, said Dr. Dennis Murphy, 2020 CE Co-Chair.

This event does not qualify for CE!

2020 Calendar of Events

APRIL

Meetings
April 20: Program Committee Meeting begins at 7:00 p.m.

CDS Member Event
April 6: See page 8 of this Bulletin and on our website, www.cincinnatidental.org for details.

Continuing Education
April 3: “ENDO for GPs: Better, Faster & Safer Root Canals” and “ENDO for GPs: Treating Pediatric and Geriatric Patients” by Manor Haas, DDS
Location: Sharonville Hotel and Event Center, 11320 Chester Road (Across the street from the Sharonville Convention Center)
Schedule: 8:00 a.m. Registration ** 8:30 a.m. Program
Sponsored In Part by: Cincinnati Insurance Company, GlaxoSmithKline, and Superior Dental Care.
Staff Invited: Dental Hygienists, Dental Assistants and Administrative Personnel of registered dentists.
CE Credits: 6.5 CE Credits

About the Program
First Course Description
If you are nervous about performing root canals, or changing your clinical protocols, then this course is for you. It will be practical, honest and engaging! You'll see how root canals have become less stressful and more predictable.
The program is tailored to novice and experienced GPs, very informative, easy to follow and clinically relevant. Numerous clinical cases are presented along with HD and 3D videos to highlight key points.

Learning Objectives
• BETTER. Learn how to better: access teeth, locate and instrument cal'd canals, follow canal curvatures, anesthetize (hot) teeth, improve intra-canal medications.
• FASTER. Learn how to more efficiently: locate canals (including MB2), instrument and obturate with fewer steps, and one vs two appointment endo.
• SAFER. Learn how to separate less files, prevent perforations, avoid canal ledging / blocking, prevent obturation extrusion, reduce post-op pain.

Second Course Description
This practical course is tailored for novice and experienced dentists who want to know how to better, safer and more efficiently treat pediatric and geriatric patients. Many tips and tricks will be discussed along with medical and dental considerations specific for the very young and old. These will include management of very large vs. calcified canals, treatment planning, dental trauma management, pre and post treatment medications, and restoration of endo treated teeth.

Learning Objectives
• Learn how to instrument, medicate, obturate and restore teeth with immature apices, calcified and curved canals (including MB2) and prevention and management of endo complications.
• Learn about pre and post treatment medication protocols (antibiotics, analgesics) and drug interactions in young and old patients.
• Understand treatment protocols for dental trauma, facial swellings, and when to endo vs. exo/implant

About the Speaker
Dr. Manor Haas graduated from the University of Toronto with numerous awards and a Doctor of Dental Surgery degree.
After practicing general dentistry for several years, he pursued advanced training in endodontics and micro-surgery at the Albert Einstein Medical Center in Philadelphia, Pennsylvania. There he obtained his specialty certificate in Endodontics.
With a master’s degree in dentistry and as a Fellow of the Royal College of Dentists of Canada, Dr. Haas holds staff teaching positions at Toronto’s Hospital for Sick Children and the University of Toronto Faculty of Dentistry, Department of Endodontics.
At the university, he is a lecturer and clinic instructor in the department of Graduate and Undergraduate Endodontics.
With his hospital staff position, Dr. Haas provides direct patient care along with specialized training in Pediatric Endodontics to the Pediatric Hospital Residents and Graduate Pediatric Residents.

The Cincinnati Dental Society’s
Medical Emergency Recognition Course

Instructor: Jimmie L. Harper, Jr., D.D.S.

*The Ohio State Dental Board requires RDH’s, EFDA’s and CDA’s to complete this course if their dentist plans to have them practice when he or she is not physically present in the office.

This course has been approved by the Kentucky Board of Dentistry for RDH’s practicing in the State of Kentucky!

Date: Wednesday, September 16, 2020
CE Credits: (4) Hours

Time: 11:30 am – Registration ** 12:00 to 4:00 pm Program

Location: CDS’s Executive Office Conference Room, 9200 Montgomery Rd., Suite 20-A, 45242

Fees: $75 for CDS Members (Includes Associate Members)
$90 for ADA Members and $110 for Non-Members

Course Description: The Medical Emergency Recognition Course covers the identification and prevention of potential medical emergencies and includes the following:

1. Medical History;
2. Recognition of common medical emergency situations;
3. Office emergency protocols;
4. Basic airway management;
5. Prevention of emergency situations during dental appointments; and

The course is four hours in length and fulfills the Ohio State Dental Board’s requirement of Dental Hygienists, Expanded Function Dental Auxiliaries, and Certified Dental Assistants practicing under general supervision as well as the Kentucky Board of Dentistry’s requirements for Dental Hygienists practicing in the State of Kentucky.

Additional Information on Back of this Page.
The Cincinnati Dental Society’s Medical Emergency Recognition Course

Wednesday, September 16, 2020

About the Instructor: Dr. Jimmie Harper, Jr., graduated with a DDS degree and a certificate in training in Oral and Maxillofacial Surgery from The Ohio State University. He has been a member of the Cincinnati Dental Society since 1989. He served as Assistant Professor of Clinical Surgery and Program Director for the Division of Oral and Maxillofacial Surgery at University of Cincinnati. Dr. Harper became board certified by the American Board of Oral & Maxillofacial Surgery in March of 1988. In July of 1999, he was approved by the Ohio State Dental Board to teach the Medical Emergency Recognition Course for the Cincinnati Dental Society.

The Cincinnati Dental Society is an ADA CERP Recognized Provider approved by the Ohio Dental Association.

THANK YOU VERY MUCH – WE LOOK FORWARD TO SEEING YOU ON THE 16TH!
Cincinnati Dental Society and their Program Committee

Presents

BONUS COURSE as their way of thanking you for purchasing all five courses!

Always a popular speaker with an incredible amount of knowledge on pharmacology, Dr. Harold Crossley will be in Cincinnati on Friday, May 1, 2020 to present:

“Avoid Liability: Know Your Patients’ Medications and Their Impact on Dental Treatment” and
“The Weed of Today is Not Your Momma’s Weed”

Location: Jack Casino, Pavilion Ballroom DE, 1000 Broadway Street, Cincinnati, OH 45202

Time: 8:00 am – Registration, 8:30 am to 3:45 pm – Program, Noon to 12:45 pm – Lunch

Morning
Avoid Liability: Know Your Patients’ Medications and Their Impact on Dental Treatment - 3.5 CE Hours

Your patients are living longer thanks to their medications but many of the physician-prescribed medications used by your patients have dental implications and side effects affecting your treatment plan. Is antibiotic prophylaxis required for patients with an orthopedic prosthesis? What is the new FDA warning about codeine and tramadol in children?

This presentation includes the indications, contraindications, and side effects of the most common physician-prescribed medications. Familiarity with these drugs will provide the dental practitioner with a better appreciation for the health profile of your dental patient.

At the conclusion of this course, the attendees will know:

• Prescription, OTC medications, and foods that could adversely interact with dental drugs.
• Why your patient is taking their medications.
• The impact of medical marijuana on your dental practice.
• How to combine analgesics to maximize their effects.
• Current recommendations for SBE and orthopedic prosthesis prophylaxis.

Afternoon
The Weed of Today is Not Your Momma’s Weed - 3.0 CE Hours

This lecture will be devoted to marijuana. Thirty-two states have legalized marijuana for medical use. Ten states and the District of Columbia have legalized marijuana for recreational purposes. Inevitably, some of these marijuana users will be treated by the dentist or hygienist. What is CBD? Is it illegal? Can I prescribe it for my patients? Does cannabis have any medicinal use? Is marijuana addicting? What are the effects of marijuana on driving ability? What are the effects of marijuana on intellectual development? What are “shatter”, “wax”, “dab” or “scat” and how do they differ? Is edible marijuana as effective as smoking or vaping? This presentation will discuss some of the concerns about marijuana use/abuse, and its bearing on dental treatment.

Learning Objectives

• The physical characteristics of marijuana.
• The evidence supporting medicinal uses.
• Differences among edible, vaping, and smoking marijuana.
• The meaning of shatter, dab, wax, scat, schwag, and midst.
• Impact of patient use of marijuana on dental treatment.
Harold L. Crossley, D.D.S., M.S., Ph.D. is Professor Emeritus at the University of Maryland Dental School. A native of Rhode Island, Dr. Crossley received a Bachelor of Science degree in Pharmacy from the University of Rhode Island in 1964. He later was awarded the Master of Science (1970) and Doctorate degrees (1972) in Pharmacology. The University of Maryland Dental School in Baltimore awarded Dr. Crossley the D.D.S. degree in 1980. The liaison between the classroom and his part-time dental practice produced a practical approach to understanding the pharmacology of drugs used in the dental office.

Dr. Crossley has co-authored several articles and four books dealing with a variety of topics within the field of pharmacology. Other areas of expertise include the pharmacology of street drugs and chemical dependency. He serves on the Maryland State Dental Association’s Well-Being Committee, is an active member of Phi Kappa Phi, Omicron Kappa Upsilon Honorary Dental Society, the American College of Dentists, International College of Dentists, and an honorary member of the Thomas B. Hinman Dental Society. He was the recipient of the 2008 Gordon Christensen Lecturer Recognition award presented by the Chicago Dental Society and the recipient of the 2012 Award of Distinction presented by the Academy of Dentistry International for his efforts in Continuing Dental Education. He has been a consultant for the United States Drug Enforcement Administration and other law enforcement agencies since 1974. Drawing on this unique background, Dr. Crossley has become nationally and internationally recognized as an expert on street drugs and chemical dependency as well as the clinical pharmacology of dental drugs.

Fee Structure: Free to all who purchased the complete series (5) courses.

_____ Yes, I signed-up for the complete series. Name: _________________________________________

Half-Day Option = $195

How long do I have to keep my dental charts?

The Supreme Court of Ohio recently upheld the constitutionality of the state’s four-year statute of repose in medical and dental malpractice actions. A statute of repose is a provision that sets a time frame in which a legal right extinguishes. In other words, the statute of repose places an effective time limitation on when dental malpractice suits may be filed against a treating dentist. Ohio’s statute of repose bars actions filed more than four years after the date of treatment, except in the case of those patients who are mentally infirm and with minors, in which case the four years begins to run upon emancipation.

Dentists had previously been instructed to retain patient records indefinitely to aid in the defense of a lawsuit. However, this favorable court ruling may help relieve dentists’ record-keeping burden. There may be circumstances where a dental office must maintain records for a certain period of time; for instance, the retention requirement for Medicaid records (6 years) and Medicare records (7 years). Participating provider agreements also generally specify record retention requirements, as well as many professional liability insurance agreements. Dentists are encouraged to obtain guidance from legal counsel and their malpractice insurer prior to the disposal of any patient records and to seek guidance on establishing a new record retention policy.

---

“Is it really annual safety training time? Again?”

“How can we possibly remember all the rules and regulations, and what do we actually need to be doing anyway. “

“I know, I know...OSHA...CDC...IC...PPE...wake me up when it’s over.”

---

Even if you think you’ve heard it all before, you’ve never heard it the way Karen Daw, “The OSHA Lady,” delivers safety training for dental professionals.

With a fresh, fun, and efficient approach, Karen keeps things moving, always grounded in real-world examples of what can go wrong (sometimes in a matter of seconds) if we let our guard down.

Complacency is the enemy in infection control and safety: Karen’s in-depth, informative workshops put principle into practice by taking an unexpected, engaging approach to compliance training topics like hand hygiene, sharps safety, instrument sterilization, and appropriate barriers for bloodborne, contact, droplet, and airborne pathogens. So, leave the OSHA and CDC binders on their shelves for a little while, and let Karen guide your whole team through an entertaining, interactive, and potentially life-saving refresher course exclusively tailored for those working in dentistry.

About the Speaker: In her high energy presentations, Karen Daw, MBA, CECM, "The OSHA Lady” infusion hands-on activities, exercises, fun stories and dental-specific examples from her 20+ years’ experience as a speaker, consultant, and authorized OSHA trainer. A graduate of the Ohio State University and former Clinic Health and Safety Director for the OSU College of Dentistry, Karen helps dental healthcare professionals enhance their safety and compliance systems.
